Part I

Terms and Conditions

1. Introduction

These Terms and Conditions govern access to and use of Quant Atlas, a quantitative research, educational market research, and alternative data service operated under the Quant Atlas name (“we,” “us,” or “the Provider”). By subscribing to or using Quant Atlas, you agree to be bound by these Terms.

If you do not agree with any part of these Terms, you should not subscribe to or use the service.

2. Nature of the Service

Quant Atlas is an educational, market research, and alternative data service providing quantitative market analysis, research reports, market views, alternative data outputs, and commentary. All content is provided for informational, educational, and market research purposes only and does not constitute financial advice, investment advice, or a recommendation to buy or sell any financial instrument.

You acknowledge that financial markets involve risk and that past performance does not guarantee future results.

3. No Investment Advice

Quant Atlas does not provide personalized investment advice. The content should not be interpreted as tailored to your individual financial situation, risk tolerance, or objectives. You remain solely responsible for any investment or trading decisions you make.

4. Subscription Plans

Quant Atlas offers multiple subscription plans, including but not limited to:

- **Premium**
- **Lite**
- **Global FX**
- **Global Stocks**
- **Global Commodities**
- **Global Rates** (available only to institutional trading desks with a minimum of ten users)
- **Ultimate**

Subscriptions are generally available on a monthly or annual basis. Annual subscriptions offer a significantly reduced price compared to the equivalent monthly plan.

Each plan grants access to content and services as described at the time of purchase.

5. Delivery of Content

Quant Atlas research views and alternative data outputs are published periodically on the website.

Weekly views are published every Monday morning (Central European Time) and generally cover the relevant trading week.

Intraday views, generally spanning approximately eight to twelve hours, are published every weekday morning (Central European Time).

Crypto intraday views may also be published on weekends in the morning (Central European Time).

Publication times may occasionally vary due to market conditions, holidays, or exceptional circumstances.

6. Refund Policy

Refunds are calculated on a prorated basis according to the number of days elapsed within the active subscription period. The refundable amount corresponds to the unused portion of the subscription term at the time the refund request is submitted.

6.1 Monthly Subscriptions

Monthly subscriptions are based on a thirty (30) day billing period.

If a subscriber cancels and submits a refund request during an active billing cycle, the refund is calculated as follows:

$$\text{Refund amount} = \text{Monthly price} \times \left(\frac{\text{Remaining days in subscription period}}{30} \right) \quad (1)$$

Example:

If a refund is requested after thirteen (13) days of subscription usage, the subscriber is charged only for the thirteen days used and receives a refund corresponding to the remaining seventeen (17) days.

Refund requests must be submitted before the end of the current billing period.

6.2 Annual Subscriptions

Annual subscriptions are based on a three hundred sixty-five (365) day billing period.

Refunds are calculated proportionally based on unused subscription time using the following formula:

$$\text{Refund amount} = \text{Annual price} \times \left(\frac{\text{Remaining days in subscription period}}{365} \right) \quad (2)$$

Refund eligibility decreases as the subscription period progresses. Refund requests must be submitted during an active subscription term.

6.3 Bundled Services Revocation

Complimentary access to bundled services is available only with eligible annual Quant Atlas subscriptions. Monthly subscriptions do not include complimentary bundled access unless expressly stated in writing.

Some eligible annual Quant Atlas subscriptions may include complimentary annual access to additional services such as:

- The Signal Beyond
- Engineering Alpha

In the event of any refund, cancellation, or termination of the relevant annual Quant Atlas subscription, access to these bundled services is immediately revoked, regardless of prior usage.

7. Cancellation

Users may cancel their subscription at any time. Cancellation prevents future billing but does not automatically trigger a refund unless a refund request is submitted and meets the conditions outlined above.

8. Intellectual Property

All content provided through Quant Atlas—including reports, charts, text, graphics, and methodologies—is the exclusive intellectual property of Quant Atlas unless otherwise stated. You may not reproduce, distribute, resell, or share Quant Atlas content without prior written consent.

9. Access Suspension or Termination

We reserve the right to suspend or terminate access to Quant Atlas without refund in cases of:

- Abuse or misuse of the service
- Unauthorized distribution of content
- Violation of these Terms

10. Limitation of Liability

To the maximum extent permitted by law, Quant Atlas and its operator shall not be liable for any direct or indirect losses, including financial losses, resulting from the use of the service or reliance on its content.

11. Modifications to the Terms

We reserve the right to modify these Terms at any time. Updates will be posted on the website and sent by e-mail. The continued use of the service constitutes acceptance of the revised Terms.

12. Governing Law

These Terms are governed by and construed in accordance with the laws of the applicable jurisdiction, without regard to conflict of law principles.

Part II

Risk Disclosure

13. General Risk Warning

Trading and investing in financial markets involve substantial risk and are not suitable for all individuals. Markets can be volatile, unpredictable, and influenced by numerous factors beyond any analytical framework.

You acknowledge and agree that you may lose some or all of your invested capital, and that Quant Atlas does not guarantee any particular outcome, return, or performance.

14. No Guarantees

All content provided through Quant Atlas reflects research-based opinions and probabilistic frameworks. There are no guarantees that any market view, forecast, scenario, or analytical conclusion will be accurate or profitable.

Past performance, simulations, or historical examples do not guarantee future results.

15. Use at Your Own Risk

You are solely responsible for evaluating the merits and risks associated with using any information provided by Quant Atlas. Any trading or investment decision you make is done entirely at your own discretion and risk.

Quant Atlas assumes no responsibility for losses incurred as a result of:

- Market movements
- Execution decisions
- Risk management choices
- Misinterpretation of research content

16. Hypothetical and Forward-Looking Statements

Some content may include forward-looking statements or probabilistic projections. Such content is inherently uncertain and subject to change without notice.

Actual outcomes may differ materially from any expectations or projections discussed.

17. No Fiduciary Relationship

Your use of Quant Atlas does not create a fiduciary, advisory, or client relationship between you and the service provider.

Part III

Privacy Policy

18. Overview

This Privacy Policy explains how Quant Atlas collects, uses, and protects your personal information when you use the website or subscribe to the service.

We are committed to protecting your privacy and handling your data responsibly.

19. Information We Collect

We may collect the following types of information:

19.1 Personal Information

- First name and last name
- Email address
- Billing and subscription information (processed via third-party payment providers)

19.2 Usage Information

- Pages visited
- Interaction with content
- General usage statistics (aggregated and anonymized)

20. How We Use Your Information

Your information may be used to:

- Provide and maintain access to Quant Atlas
- Deliver reports and subscription content
- Manage billing and subscriptions
- Communicate service-related updates
- Improve content quality and user experience

We do not sell, rent, or trade your personal information under any circumstances.

21. Payment Processing

Payments are handled by trusted third-party providers. Neither Quant Atlas nor the provider of Quant Atlas store payment card details.

Please refer to the respective payment provider's privacy policy (Stripe) for more information.

22. Data Sharing

Your data may be shared only:

- With service providers strictly necessary for operating the platform (e.g., payment processing, email delivery)
- When required by law or legal obligation

23. Data Retention

Personal data is retained only for as long as necessary to:

- Provide the service
- Comply with legal and accounting obligations

You may request deletion of your data, subject to applicable legal requirements.

24. Your Rights

Depending on your jurisdiction, you may have the right to:

- Access your personal data
- Request correction of inaccurate data
- Request deletion of your data
- Object to or restrict certain data processing

Requests can be made via the contact form on the website.

25. Cookies

Quant Atlas may use essential cookies to ensure proper website functionality and performance. No invasive tracking or advertising cookies are used without consent.

26. Data Security

We implement reasonable technical and organizational measures to protect your personal data against unauthorized access, loss, or misuse. However, no system is entirely secure, and absolute security cannot be guaranteed.

27. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be posted on the website, and continued use of the service constitutes acceptance of the updated policy.
